

Things to do in Melbourne

Summer 2025

Green Spaces in the City

[Botanical Gardens](#)

Really beautiful to walk around. The garden is open 7.30am to 7.30pm in summer.

[St Kilda](#)

The esplanade is famous and a nice place to walk, and the beach is nice (from a non-Australian perspective).

[Royal Park](#)

There are nice routes to walk as well as some wetlands. There are many birds, too, so good for birdwatching, and the Zoo is also in Royal Park.

[Princes Park](#)

Just east of Royal Park and south of Brunswick it's another nice place to walk.

[Carlton Gardens](#)

This is where the Melbourne Museum is and also Exhibition Hall. Not too far away from the university.

[Edinburgh Gardens](#)

In Fitzroy North it's a small but nice garden in the city.

[Yarra Park](#)

A big park north-east of the CBD with nice hilly trails and the Yarra River running through it. It's next to the Abbotsford Convent, so could be combined with a trip there.

Museums/Galleries

[Melbourne Museum](#)

Located in Carlton Gardens with a huge range of exhibitions from Lego Star Wars, to Treasures of the Viking Age.

[State Library](#)

An impressive building, the state library is definitely worth a visit to see their domed reading room, but also their ongoing *World of the Book* exhibition (free). Just take the train to Melbourne Central or a tram to the CBD.

[ACMI](#)

The museum of screen culture, we went to the *Game Worlds* (\$30) exhibition and it was good fun! Lots of other free exhibitions too. Located in Fed Square, so just a train trip to Flinders Street.

[National Gallery of Victory \(NGV\)](#)

Free entry with some ticketed options. Exhibitions include Women Photographers 1900-1975 (ticketed) and Extraordinary Women (free). The gallery is across the river near the Botanical Gardens, so easiest is to take the train or tram to Flinders Street and walk across the bridge.

[Medical History Museum](#)

Another university museum! Open Monday to Friday, 10am-5pm.

[Royal Exhibition Building](#)

The Royal Exhibition Building was built for the 1880 Melbourne International Exhibition. You can do tours of the Dome Promenade for \$29. Near the Melbourne Museum in Carlton Gardens.

[Immigration Museum](#)

Tickets are \$15 but concessions may be free.

[Old Melbourne Gaol](#)

Built in the mid-1880s, the Old Melbourne Gaol is the oldest in Victoria and closed in 1929. You can get there via the train (to Melbourne Central) or a tram to the CBD.

City Sites and Activities

[River boat cruise](#)

1hr sightseeing cruises along the Yarra River from the CBD.

[Royal Park Zoo](#)

Located in Royal Park and accessible by the 58 tram. There are also other wildlife sanctuaries outside of the city: [Healesville Sanctuary](#), [Kaybram Fauna Park](#), [Werribee Open Range Zoo](#).

[Abbotsford Convent](#)

The grounds are particularly nice on a sunny day and the restaurant is also meant to be very nice with local and seasonal menus.

[Queen Victoria Market](#)

A big covered market with meats, cheeses, coffee, pastries, as well as fresh produce and other items.

[Sense of Self](#)

A popular wellness spa that does treatments but also has a bathhouse with a warm pool, cold plunge pool, sauna and steam room.

[City Art](#)

Melbourne is known for its city art and graffiti. The most famous site is Hosier Lane near Fed Square. There's also a great tapas restaurant called [MoVida](#) there!

[Federation Square](#)

Fed Square, in the CBD, often has free shows and music and cultural events going on.

Staying a few extra days?

Phillip Island Penguin Parade

Phillip Island is home to the largest little penguin colony in the world. You can experience the penguins as they head home from the ocean to their burrows any night of the year from viewing platforms and boardwalks. You need to drive there or you can get tours that take you for the day and bring you back.

Mornington Peninsula

A coastal strip south of the city of Melbourne. Places to visit include McClelland Sculpture Park and Briars Community Forest. There are also a number of wineries.

Yarra Valley and Dandenong Ranges

Lots of nature, wildlife, national park, as well as towns and other tourist spots including [Puffing Billy Railway](#), lots of wineries, chocolateries.

Macedon Ranges

An area made up of villages and backcountry 1 hr drive from Melbourne. Key features include Hanging Rock, the basis for the 1967 novel *Picnic at Hanging Rock*.

Walhalla Mining Town

A historic town about a 2hr 30 drive outside of Melbourne.
